ASANTE SANA THANK YOU VERY MUCH ALMOST \$27,000 RAISED

In August SUITCASES FOR AFRICA sent out a plea for donations in response to the East Africa Drought and Famine. The response has been nothing short of incredible.

The money that has been deposited into our Drought Relief account totals \$26,759.33!! The Government of Canada will match this amount through CIDA making a grand total of \$53,518.66 going directly to combat the dreadful effect of the drought in East Africa. Our half of the money will be spent in Kenya directly responding to the drought and resulting famine.

SUITCASES FOR AFRICA has already sent a significant amount of money to our agents in Kenya to immediately purchase emergency food for those who are starving. Some money has also been earmarked for a well.

A full report will soon be available on our website:

Thank you to all who helped to make this campaign such an overwhelming success.

Together we do make a difference!!
